Diane Frossard

Native Texan Diane Frossard grew up in Dallas and has always had a passion for horses and art. Her father, an avid horseman, introduced her to horses at an early age and her childhood was spent competing in equestrian events. She initially worked as a geologist before turning to art full-time. She has studied with numerous artists including Dan Gerhartz, Michael Workman, Scott Burdick, Susan Lyon and Marc Hanson. She currently lives on a ranch in Tyler, Texas with her husband, two daughters and seven horses. Her daughters and horses are recurring subjects in her paintings and many of her plein air landscapes are scenes from the ranch.

I am inspired by the captivating effects of light on all subjects. I strive to convey the essence of tranquil moments in time and create a respite from the stress and turmoil in the world. Always in search of the beauty and the sublime in life's ordinary things, my subject or reference is a jumping off point and the challenge is to bring forth my personal reaction and the poetry.

NEWSFLASH

The membership show for 2018 will be about 2 weeks earlier in March. That means less time to get ready for it. Start painting!!! Tina Bohlman will be the judge this year.

The prospectus will be mailed out in a separate e-mail.

Back Room Artist: Linda Pepper

I've been painting for many years now and my love for oil has never wavered. I would like to think I've learned a lot since day one, but I know that I still have a long way to go. I'm so blessed; my biggest fan is Bill, my husband and best friend. I hope you enjoy my paintings, I had fun painting them. I can't tell you how much I value the friendships I've made over the years with all of my "art" friends!

Quotes and Notes

It is easier to warm a cool than cool a warm

Lights objects reflect darker and dark objects reflect lighter.

ART ENABLES US TO FIND OUR SELVES AND LOSE OUR SELVES AT THE SAME TIME.
